Sharon Grierson to Hold Street Stall in Lambton

Federal Member for Newcastle, Sharon Grierson MP, will tomorrow hold a street stall in Elder Street, Lambton, near the site of the recently closed Lambton Family Medical Centre.

Ms Grierson hopes to talk to former patients and staff of the Centre directly to ensure their concerns are heard by both the Federal Government and Primary Health Care, the operators of the Centre.

"The closure of the Lambton Medical Centre has been traumatic for many of the Centre's 11,000 patients," Ms Grierson said.

The Centre was closed over a week ago by Primary Health Care, which operated the facility, and patients were informed their medical records were being transferred to the Charlestown Medical and Dental Centre, which is also operated by Primary Health Care.

Ms Grierson will be holding the stall from 12pm to 2pm.
